Risk and cryptocurrencies

The risk of loss in trading or holding cryptocurrencies can be substantial. Your capital is at risk. You must ensure that you are aware of the fluctuations and general risks of trading cryptocurrency.

6. SAVE services

- SAVE CRYPTO COIN services are as described in the Registered Whitepaper.
- The list of cryptocurrencies that the company can protect will be made available prior to the launch of the service
- As described in the Registered Whitepaper, the company secures the investment for the cost of 7% of the initial investment for the period of 1 year as follows:
 - 5% FIAT money (USD/EUR/etc.) paid via wire transfer or Credit/Debit Card on the website
 - 2% SAVE token purchased from the Market or during ICO
- There are 2 situations possible:
 1. The secured coin value drops below 2% of the initial value > the company buys back your investment at the initial investment value
 2. The secured coin value does not drop below 2 of the initial value > the company refunds your SAVE token that you can keep or buy a new SAVE policy

7. Registration

You must register on the website prior to taking part in the ICO for Anti Money Laundering and Know Your Customer purposes.

In order to register, you must provide us with DATA like name, surname, address, email address, official document and password. Without registering you will not be able to take part in the Sale.

For buying the SAVE service, once made available, you must register on the website and accept the terms and conditions.
